

MISSISSIPPI STAFF DEVELOPMENT COUNCIL

THE MISSISSIPPI STAFF DEVELOPMENT COUNCIL is the only organization in Mississippi focusing exclusively on professional development. **MSDC assists and supports** Mississippi educators, believing that a comprehensive professional development program is the best vehicle for school improvement. **Services provided** by the council include a newsletter containing up-to-date information about the organization and highlighting current practices in professional development; an annual conference featuring both national and state leaders in the field of professional development; and an intensive day-long pre-conference workshop focusing on best practice. **Our members** include educators, both at the district and school levels, interested in superior teaching, learning, and leadership through strong professional development programs. **We invite** you to attend the 18th Annual Conference in 2005 to network with district-level coordinators, administrators, principals, teachers, and consultants and to hear about best practices in professional development.
